PROJECTS

Evoting System | July 2021 - May 2022

- India is the worlds largest democracy with a population of more than 1 billion India has an electrorate of more than 668 millions and covers 543 parlimentary constituencies.
voting is bridge between the governed and government
The current evoting system is many security holes and it is difficult to prove even simple security properties about them

OBJECTIVES

To reduce corruption

ACHIEVEMENTS

- First prize in paras event. in B.Tech/B.E.
